Dear Health Practitioner,

Re: Referral Ashleigh Evans, DOB:07/05/1992.
Address: 64 Arizona Parade, Golden Bay. 6174.

Ashleigh attended the Blossoming Bump Midwife Clinic for a clinical nutrition consult on the 15/04/2023.

Ashleigh presents with chronic hair loss and thinning, post-natal anxiety, bloating, borborygmi, increased flatulence, nausea, general fatigue and irregular menses with large clots. I ask for your assistance in supporting Ashleigh in her next steps of care. I defer to your assessment as to whether any further investigation could support Ashleigh's future health care

Thankyou for your considerations
Please contact myself (details below) if you require any further information relating to our client.

Yours Sincerely
Clinical Nutritionist: Rachael Iddon (28563)
