Dear Michelle,

Re: Team Care Arrangements for Mrs Leanne Simpson, DOB: 24/10/1967

The Commonwealth Government through the Enhanced Primary Care initiative aims to improve coordination of care and provide a more systematic approach to the care of patients with chronic conditions and complex care needs. One component of this initiative provides GPs with an opportunity to develop multidisciplinary Team Care Arrangements for these patients.

I am currently developing Team Care Arrangements for the above patient who has given consent to include you as a member of the team.

I would be grateful if you could advise me:

- a) Whether you are willing to be involved in the Team Care Arrangements for this patient?
- b) Whether you have any suggestions for changes to the Team Care Arrangements?

I would appreciate your feedback either by phone call or by completing the details overleaf and faxing this page back to me. Please let me know if you require further information regarding Mrs Leanne Simpson.

Yours sincerely

Dr Jasmine Lau
