IMPORTANT INFORMATION

This form MUST be returned to Australian Clinical Labs with your specimens to ensure testing can proceed. Every specimen returned to Australian Clinical Labs must include a signed Request Form.

This form is only valid for 12 months from date of issue.

Please note a \$20 blood collection fee applies to all Functional blood testing

### WHO IS AUSTRALIAN CLINICAL LABS?

- Australian Clinical Labs specialises in pathology tests for Functional Medicine practitioners nationally.
- Australian Clinical Labs tests are used by general practitioners, specialists, naturopaths, chiropractors, osteopaths, herbalists, pharmacists and other allied health professionals.

### WHAT IS FUNCTIONAL PATHOLOGY?

- Functional pathology tests are used by practitioners to investigate functional, biochemical, nutritional, metabolic and hormonal status.
- The results provide essential information to assist the practitioner in the diagnosis, treatment and management of patients seeking a holistic approach to health.
- The tests are designed such that patients can collect some specimens in the privacy of their own home, though others do require a blood collection at one of our conveniently located collection centres.

### **HOW TO USE AUSTRALIAN CLINICAL LABS**

#### FoodPrint test - blood collection

- Step 1 Give the patient a signed request form and have them order and pay online for any FoodPrint Test requested at <a href="https://www.clinicallabs.com.au/shop">www.clinicallabs.com.au/shop</a> or contact Australian Clinical Labs on our toll free number 1300 55 44 80 to order and pay for their test. A receipt will be issued via email.
- Step 2 Patients must take their request slip and receipt to their nearest Clinical Labs collection centre for FoodPrint sample collection.

#### All other blood tests

Once the practitioner has supplied a request form, the patient must then take this to their nearest Australian Clinical Labs collection centre. Please call **1300 55 44 80** or visit <a href="www.clinicallabs.com.au/location">www.clinicallabs.com.au/location</a> for pathology collection centres.

# OPTIMAL SCIENCE / OPTIMAL SERVICE / OPTIMAL HEALTH

- 3 Day Parasitology
