<input type="checkbox"/> MyDNA	DND	EDTA	\$170.00
<input type="checkbox"/> Coeliac Gene Test (HLA DQ2, DQ8)	DQ2	EDTA	\$150.00
<input type="checkbox"/> Haemochromatosis Test (C282T,H63)	HFE	EDTA	\$60.00
<b>OTHER TESTS</b>			
<input type="checkbox"/> Whole Blood Histamine (specialist sites only)	HST	LiHep	\$55.00
<input type="checkbox"/> Urinary Pyrroles (VIC, SA & NT ONLY) via collection centre	UKP	Urine	\$120.00
<input type="checkbox"/> Respiratory Virus PCR	RVP	Nasopharyngeal swab	\$95.00
<input type="checkbox"/> Essential Fatty Acids - Red Cell received within 2 days of collection	EFA	LiHep or EDTA WB Fasting	\$120.00
<input type="checkbox"/> Essential Fatty Acids - Total Plasma	EFA	Plasma frozen from LiHep or EDTA - Fasting	\$120.00

## IMPORTANT INFORMATION

This form **MUST** be returned to Australian Clinical Labs with your specimens to ensure testing can proceed. Every specimen returned to Australian Clinical Labs must include a signed Request Form. This form is only valid for 12 months from date of issue.

**Please note a \$20 blood collection fee applies to all Functional blood testing**

### WHO IS AUSTRALIAN CLINICAL LABS?

- Australian Clinical Labs specialises in pathology tests for Functional Medicine practitioners nationally.
- Australian Clinical Labs tests are used by general practitioners, specialists, naturopaths, chiropractors, osteopaths, herbalists, pharmacists and other allied health professionals.

### WHAT IS FUNCTIONAL PATHOLOGY?

- Functional pathology tests are used by practitioners to investigate functional, biochemical, nutritional, metabolic and hormonal status.
- The results provide essential information to assist the practitioner in the diagnosis, treatment and management of patients seeking a holistic approach to health.
- The tests are designed such that patients can collect some specimens in the privacy of their own home, though others do require a blood collection at one of our conveniently located collection centres.

### HOW TO USE AUSTRALIAN CLINICAL LABS

#### ***FoodPrint test - blood collection***

**Step 1** – Give the patient a signed request form and have them order and pay online for any FoodPrint Test requested at [www.clinicallabs.com.au/shop](http://www.clinicallabs.com.au/shop) or contact Australian Clinical Labs on our toll free number **1300 55 44 80** to order and pay for their test. A receipt will be issued via email.

**Step 2** – Patients must take their request slip and receipt to their nearest Clinical Labs collection centre for FoodPrint sample collection.

#### ***All other blood tests***

Once the practitioner has supplied a request form, the patient must then take this to their nearest Australian Clinical Labs collection centre. Please call **1300 55 44 80** or visit [www.clinicallabs.com.au/location](http://www.clinicallabs.com.au/location) for pathology collection centres.

### OPTIMAL SCIENCE / OPTIMAL SERVICE / OPTIMAL HEALTH

- 3 Day Parasitology
- Complete Digestive Stool Analysis
- Comprehensive Urine Elements Profile
- Essential Fatty Acid Profile
- Genetic Diagnostic Testing
- Helicobacter pylori Stool Antigen
- Homocysteine
- Food Sensitivity Profiles

- Intestinal Permeability
- Mineral Analysis
- MTHFR Gene Test
- Osteoporosis Risk Assessment
- Salivary Hormone Profiles
- Secretory IgA
- Thyroid Hormone Profile
- Urinary Iodine
- Vitamins/Trace Elements/Toxic Elements
