

Hudson

4/12/24

Some changes in kindness to
brother Marlow + bringing
back to kitchen.

[Extremely sensitive].

Range/anger - seeing less but
still rough like overwhelmed/
overstimulated like "nervous"

But some days just out to get
Marlow. Won't let Marlow

[Like can't touch anything
handle all the energy.]. (See NOAH)
(*) C. script

Very competitive - will hunt others
to get in first. "I need
to be first."

"Despotic"
(feels vulnerable $\leftrightarrow$ anger)
 $\hookrightarrow$ scared big emotions
"I'm sad I'm not crying just
tears."

[Noah Marlow]

No particular detox symptoms
only [3 days of constipation
after detox.].

Molluscum $\rightarrow$ continue.

Bill wants continue [Infection]

P nola 2 → see Noah C script (2)
and support while
parents having marital
issues → Support. + hyper
sensitive to sadness
+ anger

house

Bill - back of work - leg not
working - exhausted all the
time (see previous notes
re meningitis)
→ mental health
→ overwhelmed.
→ may be going to do
TQM work in UIC.

Really tough time.

Also Dad away for month.
CCALCICN at 7:30 Hudson resents him
being away.

N.S. hypersensitivity.

Anna's gran passed 1 mo ago
- Hudson saw her pass
then chicken, now
rooster, dog last year.
- lots of questions about
death + killing.

- crying about dead animal
@ feed store.

Death Dying fear Sad etc
