

Titus

⊗ 6-wks

19/5/2025.

⊗ \$.

Up + down with recent hectic week + new baby.

Prev. anger/aggres. now verbal outbursts

→ name calling
→ e.g. "Daddy" is rude.
"Liar"

→ now in right direction.

When baby born 30/03 — Titus away from home < 24 hrs of birth. Back home he refused to hold baby, no interaction, looked angry, verge of tears — as if emotionally shut down refused to talk.

2 days post birth.

Left ~~room~~ room when talked to + barricaded in bedroom.

Overwhelmed.

⊗ Angry & out of control (Stram) LMR

Now still dislikes holding baby.

② → "Ign" "CARE" "Tidy?"
rumbunctious.
throws things

Refuses to discuss or acknowledge emotions.

Angry/frustrated x 3 this w/e. Anger — throwing
