

Int. Interview
Docum.

Emma Ferguson.

25/6/25

Swollen feet + ankles
(pregnancy < sitting).
Generally fatigue but
overall great.

Last winter upper resp. + sinus
infect'n last winter
— very severe.

But up & ab area — always
sniffly + gen. hayfever.
+ Sinus issues. [Allergic Rhinitis]

Annoying — bad, chesty cough
last winter. [RSV, mico,
long stringy mucus or little balls of mucus whoop (J).

Can "shepherd" protect'n for
family [Immune + Zomb]

Prev. traumatic birth — wants
to clear that so not going
into next birth.
"Dread" anxiety, fear
exhaustion in anticipation
