Pure Natal

Myoinositol, vitamin D, CoQ10, Selenium - for 3 months.

Jasmine Langlands - Canning Healthcare

Thu, 18 Sep 2025 4:45 pm

Subjective:

Felt well after last session.

09/09 tubes flushed, specialist did scan; repeat blood test. Definitely ovulating, progesterone is good. On the scan - mild adenomyosis.

Curious to see prolactin level next week.

Crampy currently; CD18.

CM with ovulation.

Neoclassical

Element: Fire

- KI-3

Legs: clear

Left the room. Provided buzzer.
